Ben Williams, who lives on the farm of S. Fares, in Monroe township, was kicked by a mule and had one of the bones of his forearm broken.

An Iowa farmer advises the use of alum as a preventive and cure for hog cholera, particularly as the former. We think it worthy of trial as it is cheap and might be the means of saving some of the many hogs that are still dying of this disease.

It is hardly worth while to direct the attention of our readers to the advertisement of R. & J. Atkinson, on the fifth page of this paper, as it shows for itself and cannot fail to be seen. We will merely remark that those who buy goods of Atkinson are always satisfied with the bargains they get. This firm always deals on the square and its members are very agreeable gentlemen.

We have seen a copy of Mark Twain's Sketches, just out; a book of nearly four hundred pages, full of such good things as the author alone knows how to write. This book will frighten away the chills and our readers could not do a better thing than procure it for the coming winter evenings. Subscriptions taken at this office.

Big stock of Clothing this week at Norton & Harlan's.

Woolfolk & Gordon have received their new stock of Fall and Winter Goods.

The fall trade has fairly opened this week at the Dry Goods Headquarters.

PARKER WEEKS & Co.

We sent out last week about two hundred notifications to our subscribers who are in arrears. This week we expect to send out the remainder. If our patrons would remember that the sum owed by each is small but that it goes with the others to make up an aggregate that is of the greatest importance to us at this time, we think there is not a single one who would fail to honor our request. Don't pass it over because it is a small amount.

Capt. Hughes informs us that the farmers and shippers in the vicinity of Clarksville are unanimous in their opposition to the old line of river steamers and their determination to support the independent boat, notwithstanding the old line has undercut in freights and passage. This is right. When the interests of a community are at stake no single member should fail to do what the public good requires of him. We advise our readers by all means to give their patronage to the independent boat.

Pike county has recently lost some of her oldest citizens. James Wigginton, of near Prairieville, died on the 27th ult., aged eighty-five years. He came from Bourbon county Kentucky, and had lived in Pike county above fifty years. On the same day Alexander Waugh, of near Bowling Green, died. He was past ninety. He was a native of Virginia and was a soldier in the war of 1812. Wm. Brown, who lived three or four miles above Prairieville, died on the 23rd ult., aged eighty-five. He was from Bourbon county, Kentucky, and was a soldier of the war of 1812. He was a resident of Pike county for forty-eight years. It is said that he never was on board of a steamboat and never saw a railroad. Maj. Wm. Bell, grandfather of N. M. Bell, of St. Louis, late a member of the legislature, and cousin to Mrs. Dr. McFarland, of this place, died in Clarksville, on the 29th ult. He was born in Pennsylvania, November 18, 1787. His parents moved to Kentucky when he was quite young. He served in the war of 1812 under Gen. Harrison. He came to this state in 1825 and went to the legislature from Pike county in 1828.

TOWN COUNCIL.—At a called meeting of the town board, held Monday evening, Oct. 4th, the following resolution was adopted:

That the street commissioner be instructed to refuse to receive all substitutes for work on the roads of this district unless at the particular request of the tax payer.

The intention of this is to break up the system of incompetent hands working out the taxes of those who pay instead of work. This has become an abuse that seriously impairs road working.

DEATH OF AN OLD CITIZEN.—Mr. Oliver S. Holmes died at the residence of his son, Wm. J. Holmes, near Hawk Point, in this county, on the morning of September 22nd. He was in his seventy-ninth year, and had long been a resident of this county.

MEETING AT NEW SALEM.

At a meeting of the farmers and people at New Salem, Saturday, Oct. 2nd, the following action was taken in regard to the patronizing of the steamboat Chambers:

Beverly Duesy Esq., was chosen chairman and D. M. Magruder secretary. Mr. Duesy stated the object of the meeting in a few well chosen remarks, and was followed by M. A. Goodman of Clarksville in his usual eloquent and persuasive style. Mr. Enos Trescott replied to Mr. Goodman and harked him in an unique and original manner. After the speeches it was moved and carried that all sign an agreement between Jos LaBarge of the Steamer Chambers and the people:

It was then moved and carried that a committee of six be appointed to circulate the agreement for signatures. The following gentlemen were appointed: Joshua Alexander, John Overall, G. W. Dawkins, D. T. Killam, Walter Payne, and Dr. Harlow. Moved and carried that the proceedings be sent to the Troy Herald for publication.

The order of the board made sometime since relating to the grading and gravelling of Boone street is being carried out under the management of Porter E. Norton, and in his absence, James Wells, to the entire satisfaction of the trustees, who are giving it their personal supervision. This, when completed, will be a vast improvement in the facilities for travel from that direction as well as an ornament to the town. The work will extend to the cemetery gate.

Speaking of this reminds us that an effort was made some months ago to raise funds to build a plank side walk to the graveyard. The sum of eighty dollars was secured by the festival and from subscriptions, which was placed in bank. What shall be done with this amount? It will go only a short way towards completing the sidewalk, and there is but a slight probability of obtaining any more for this purpose. An unfinished sidewalk would be of little service, and we believe that were it finished, it would not be worth the cost under the present circumstances. The gravelled road will answer every purpose. Now, why not apply this money towards the building of sidewalks upon streets that are travelled every day, wet or dry? We merely make the suggestion, believing that it might lead to something useful.

CIRCUIT COURT.—The circuit court, Judge Edwards presiding, opened its fall session on Monday. Yesterday was principally occupied with misdemeanor cases. The grand jury, up to the time we went to press, had made no report concerning the murder cases. True bills were found against Lem Woods, colored, charged with rape; Jerry Lisle and Daniel Dorsey, colored, grand larceny. Woods' trial is set for Monday next and Lisle's for Thursday. Dorsey was tried yesterday. He plead guilty and was sent to the penitentiary for two years.

ST. LOUIS GRAIN MARKET.

The Republican of the 2d says: FLOUR—Was in effect unchanged. The demand for good to high grades continues, and at a range from \$4.75 to 5.25. Scarcely has made the grades within quite firm; best grades, choice and fancy, are without any life.

WHEAT—On the tables in sample lots were in very good movement and steady at prices at which sellers do not complain—but at the call cash lots were inactive and really at about the just market value. True No 2 red winter sold at \$1.75, but this was only a purchase in on the term of settlement of the September value established yesterday on the culmination of the corner on that month's delivery. The value of No 2 red really to-day was indicated by the bid of \$1.52. Cash No 3 was neglected and lower—offered at \$1.28, bid \$1.27, and No 4 unchanged—bid \$1.10; October wheat was active, and 2 and 2 1-4c higher than yesterday—5,000 bu lots selling freely at 53 1-2 and 53 1-4c—offered in settlement following at \$1.53 1-4, bid \$1.53. There was nothing done in November or the year deliveries—but offering for November was at \$1.53 1-2, bid \$1.53 3-4; for December at \$1.58, bid \$1.53. No 3 winter was neglected for future delivery—offered October at \$1.28 without bid, and November at \$1.31, bid \$1.29.

CORN—For cash and options was without any animation at the call, and no significant transaction can be noted. Number 2 mixed cash was offered at 58c, bid 54c, which was a bagatelle; a car lot No 2 white-mixed sold at 55c, which was an advance; bid for yellow-mixed 53c, and yellow same; rejected offered at 49c, bid 46 1-2c. The only option transaction noted was 5,000 bu No 2 mixed October at 52 1-2c, which was an advance of 2 1-2c yesterday; offered November at 44 3-4c, bid 44c, the year at 43c, bid 42 5-8c.

OATS—For cash and future were as devoid of life as corn—only one sale for the former of a single car lot rejected at 34 3-4c; offered at close at 35c, bid 34 1-2c in car lots. Futures entirely neglected—offered Oct. at 36 1-2c, bid 35 1-4; for Nov. at 36 1-2c, bid 36c; the year at 36c, bid 35c.

BARLEY.—Of low qualities is in over stock, and unsalable; is a drug in the market. Good grades are salable—but few offering. We note the sale of a scant No 2 at \$1.25, and we quote as approximate at East, strictly choice at \$1.40, and fancy at \$1.45 and 1.47.

RYE.—Steady and dull; 70c bid for cash, and 1 car sold at call for Oct. at 71c.

TORRACO.—Better demand and firmer market. Sales 19 hhds: 2 at \$5 to 5 10; 2 at \$6 to 6 20; 2 at \$7 80 to 7 90; 3 at \$8 20 to 8 60; 1 at \$9 10; 3 at \$10 to 10 50; 2 at \$11 to 11 75; 1 at \$12 50; 2 at \$13 to 13 25; 1 at \$20; and 1 box at \$6 30; 10 hhds were passed, and bids were rejected on 9 hhds at \$8.0 to 12 25.

TRUSTEES' SALE.—Whereas Lawrence Witte and Wilhelm Witte, wife of the said Lawrence Witte, by their deed of trust dated the 2d day of December, 1873, and recorded in the recorder's office of Lincoln county, Missouri, and recorded in book No. 2 for recording trust deeds, at page 206, conveyed to John R.
